Remarks:

The price offer does not include extra charges or surcharge differences of the shipping line such as Gri, Pss Baf etc.

The prices do not include VAT/TAXES by law.

Subject to the availability of equipment/space at the shipping company.

Subject to the cancellation fees of the shipping companies for booking cancellations by the supplier/customer (mainly Far East during the peak period).

This offer does not refer to unusual/oversized dimensions and/or dangerous shipments and/or those with special equipment.

In shipments of dangerous substances, and according to the guidelines of the new customs system "World Gate".

The offer does not include coordination of inland transport both ends, unless otherwise stated.

The prices do not include any ORIGIN/DEST. CHARGES (taxes, vat, physical inspection, VGM fee, customs duty, port fees, detention, storage, demurrage fees, payments and expenses in the country of origin/Israel both ends).

If the packaging materials you use are made of wood, you must take care of disinfection by a qualified party and transfer the approval to us.

Loading time abroad/shipper yard up to one hour, beyond that there will be an additional charge.

For handling container delays by the customer, the company will charge a handling fee on daily basis.

The exchange rate will be determined according to the rates of the shipping company when the payment is made on the day the invoice is issued. (see the publication of the company's website)

Terms of payment: in cash, upon delivery of the documents. Unless other settlement apply in written.

Customers to whom the company has agreed to grant credit, the company will charge a credit allocation fee of \$13 per square meter.

The company works to regulate international shipping and therefore is not responsible for changes to the transport route and/or duration of transport and/or delays in the arrival and/or delivery of the cargo and/or damage/deficiency caused when the cargo is not in the actual possession of the company, without making it worse, in any case, the company's responsibility for all services and during all stages of importation, limited according to the relevant international conventions applicable to international transports or according to the bill of lading, if issued by the company, including regarding the limitation periods and the amount of the warranty.

A digital invoice will be sent by email.
